Up to 10 days for less than 50 pallets.

**We're not just talking sustainability,
we're delivering it.**

*For full terms and conditions, please see CJ Sheeran's Pallet Collection Guide.

Sustainability That Pays, Get Money Back and Reduce Pallet Waste

At Gyproc and Isover, we're proud to be the first building materials manufacturers and distributors in Ireland to adopt the instantly recognisable green LOOP pallets.

By partnering with CJ Sheeran and The Pallet LOOP, we're rethinking how pallets are used across the Irish construction industry. This initiative helps reduce avoidable waste from traditional pallet disposal and supports safer, more responsible site waste management. The Pallet LOOP's nationwide collection service makes returning pallets easy, efficient and cost-effective, a win for your site and the environment.

Sign up for The Pallet LOOP today.
