

**ProjectSure<sup>®</sup>**  
WITH YOU ALL THE WAY

WITH YOU  
ALL THE WAY

---

We are seeking to ensure that we provide  
**REAL VALUE TO  
CUSTOMERS REGARDING  
SPECIFICATION &  
CONSTRUCTION OF  
LARGE SCALE PROJECTS**

---

## WHAT IS PROJECTSURE?

1. ProjectSure details the services and supports we offer customers on large scale construction projects – including in the Design Phase, Construction Phase and report development as a project moves towards completion.
2. ProjectSure entails our Specification & Technical Department teams working with you to understand the requirements of a project and strive to ensure the most appropriate systems are utilised to deliver the required performance.
3. The objective of ProjectSure is to provide increased Comfort & Confidence to our customers as a result of the products, services and supports offered on projects. This is delivered through a 25 year products and systems warranty.
4. One key goal of ProjectSure is to reflect the importance we place on our relationships with our customers, while ensuring the current work practices, requirements & interactions in the construction industry are accurately reflected.

## PROJECTSURE PHASES

### Design phase

- Design team meetings – Initial & on-going consultations
- Project specific performance criteria review
- Agree project details
- Create project specific Design Pack

### Construction phase

- On-site Toolbox Talk
- Benchmarking visits
- Assistance with contractor submittals
- Bespoke training in Technical Academy
- Observation visits – detailing via App
- Create Construction Pack

### Completion

- Summary ProjectSure dossier of all the relevant support material relating to a project
- SpecSure certificate
- ProjectSure Certificate
- 25 year products and systems warranty
